Improving the Quality of Life for All

December 11, 2023

SUSA Cares

On behalf of the Central Islip Civic Council and our community, I thank you for organizing a food, coat, and toy drive. Your drives make the holidays more enjoyable for many families. Our food pantry clients continue to grow. In November, we served 757 families (2,572 individuals of which 921 were children).

Without organizations like SUSA Cares, we would be unable to serve the growing number of food-insecure/ low to moderate-income families in our community.

Once again, thank you for supporting the communities we serve.

Sincerely,

Joan Minniti

Executive Director
